

# **Rodman Ride for Kids Streaming Guide**

# What is Streaming?

Live Fundraising is a great way to tell your story, engage with donors, and create a richer connection to the Rodman for Kids' mission!

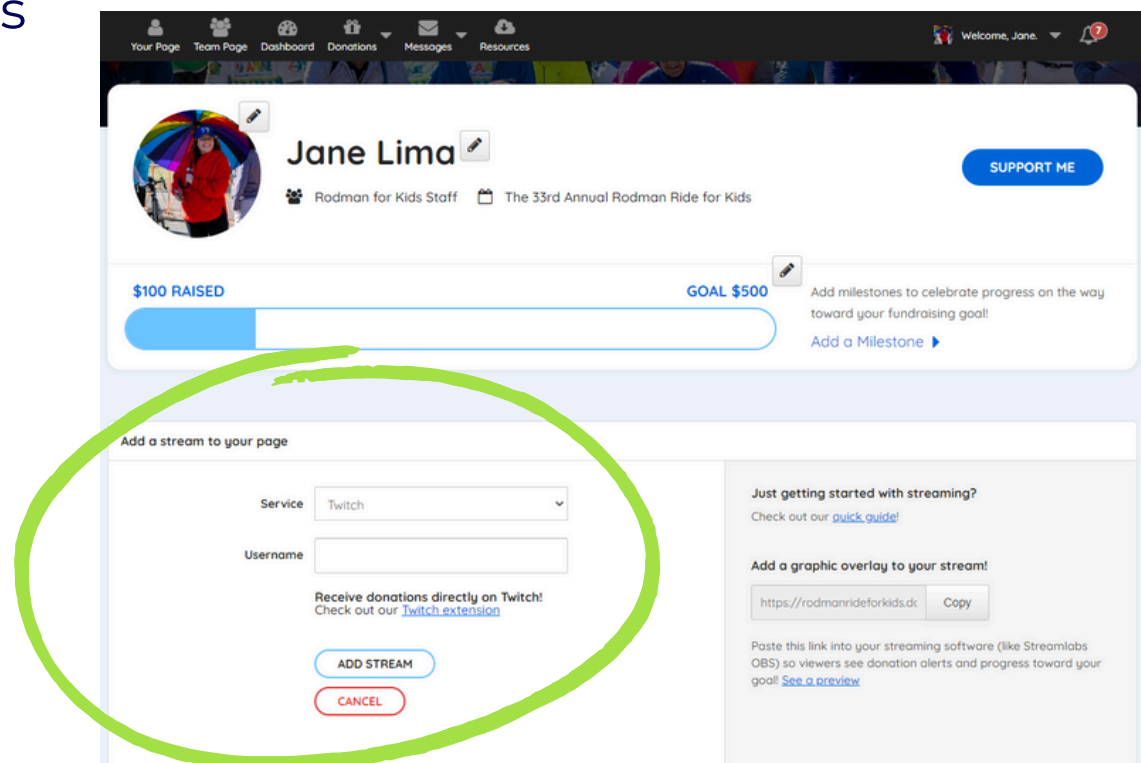

Streaming includes but is not limited to gaming, sharing passions and hobbies like online karaoke, fitness, sports, cooking, crafting and art. The possibilities are endless!

Rodman for Kids' Streaming integrates directly with Twitch and YouTube!

# Starting Your Stream

1. You'll need a device to stream with (smartphone, desktop/laptop, Xbox, or PlayStation 4)
2. Download a streaming app to your phone ([Streamlabs](#), [Twitch](#), or [YouTube](#)) or software to your desktop ([Streamlabs](#), OBS, or XSplit).
3. Set up an account with a streaming service (Twitch or YouTube).
4. Add your streaming username to your fundraising page & save – you're ready to go!
  - a. Click Your Page in the top bar
  - b. Click the "Add Stream" button on your page
  - c. Choose your service and enter your username
  - d. Note: YouTube requires you to enter the full URL to the live video, not your YouTube username
  - e. Click Save Changes

The screenshot shows a fundraising page for Jane Lima, part of the Rodman for Kids Staff. The page features a progress bar for fundraising, currently at \$100 raised towards a \$500 goal. Below this, the 'Add a stream to your page' form is highlighted with a green circle. The form includes a dropdown menu for 'Service' set to 'Twitch', an empty 'Username' field, and an 'ADD STREAM' button. To the right of the form, there is a section titled 'Just getting started with streaming?' with a link to a 'quick guide' and another section titled 'Add a graphic overlay to your stream!' with a text input field containing the URL 'https://rodmanrideforkids.dk' and a 'Copy' button.

# What You'll Need Depending On Your Device

## Xbox / PlayStation 4

Hardware	Software	Services
<ul style="list-style-type: none"><li>• Webcam</li><li>• Microphone</li></ul>	<ul style="list-style-type: none"><li>• Twitch</li></ul>	<ul style="list-style-type: none"><li>• Twitch</li></ul>

## Mobile Phone

Hardware	Software	Services
Smartphone with camera & microphone  Wireless data or WiFi connection	<ul style="list-style-type: none"><li>• Streamlabs App (streams to Twitch or YouTube)</li><li>• Twitch App</li><li>• YouTube app</li></ul>	<ul style="list-style-type: none"><li>• Twitch</li><li>• YouTube</li></ul>

## Desktop or Laptop

Hardware	Software	Services
Webcam  Microphone	<ul style="list-style-type: none"><li>• Streamlabs OBS (Recommended)<ul style="list-style-type: none"><li>◦ Add the overlay in the Source panel by choosing Browser Source and pasting in the overlay URL provided when you edit your stream settings on your fundraising page</li></ul></li><li>• OBS<ul style="list-style-type: none"><li>◦ Add the overlay in the Source panel by choosing Browser Source and pasting in the overlay URL provided when you edit your stream settings on your fundraising page</li></ul></li><li>• XSplit (Windows Only)</li></ul>	<ul style="list-style-type: none"><li>• Twitch</li><li>• YouTube</li></ul>

# Extra Customizations

1. Add our overlay to your stream that shows our logo, your fundraising progress, recent & top donations (desktop/laptop streaming software only).
2. Get on-stream donation alerts with the [Charity Streaming integration in Streamlabs](#) (desktop/laptop only).

**Happy Streaming!**
